TEACHING

University of Denver

- Python Programming (Graduate)
- Data Mining & Visualization (Graduate)
- Project Management (Graduate)
- Capstone Project Planning (Graduate)
- Analytics II: Business Statistics and Analysis (Undergraduate)

University of Colorado Boulder

- The American Congress (Undergraduate; Instructor of Record)
- Advanced Data Analysis (Data II)(Graduate; TA)
- The American Political System (Undergraduate; TA)

MEMBERSHIPS & SERVICE

Service

- University of Denver Co-Director for the Center for Analytics and Innovation with Data (CAID)

(November 2021-present)
 University of Denver MSBA Capstone Mentor (August 2021-present)
 Editorial Board Member, Journal of Open Source Education (JOSE) (October 2022-Present)
 American Politics Research Lab (APRL) Lab Fellow (August 2016-May 2019; Lead Fellow August 2017-May 2018)
 University of Colorado Boulder Undergraduate Research Fellows Mentor (August 2017- May 2018)
 Lead Graduate Student Representative and Assistant, Women in Political Science (WIPS) (August 2016-May 2017)
 Program leader, Mentors of Political Science (MOPS) for Graduates in Political Science (GIPS) (August 2015-May 2016)

Member

American Statistical Association (ASA)
 Society for Political Methodology (SPM)
 Midwest Political Science Association (MPSA)
 Phi Beta Kappa
 Women's Caucus for Political Science
 Women in Legislative Studies

Reviewer

INFORMS CIST, Journal of Open Source Education, Political Research Quarterly, Journal of Public Policy, American Politics Research

SKILLS & TRAINING

Methodological Training

Survey Methods & Analysis, Linear Regression, Generalized Linear Modeling, Maximum Likelihood Estimation, Time Series Analysis, Bayesian Statistics, Experimental Methods and Causal Inference, Network Analysis, Spatial Econometrics, Machine Learning (unsupervised and supervised methods), Data Visualization (dashboarding and interactive)

Further Training & Certifications

ICPSR 2018, University of Michigan - Machine Learning: Applications and Opportunities in Social Science Research; CSS 2018, University of Southern California - Summer School Series on Methods for Computational Social Science with a focus on Textual Analysis; SICSS 2018, University of Colorado Boulder - Summer Institute in Computational Social Science; AWS Essentials (Udemy); Docker for Machine Learning and Data Science (Udemy); Program Management Foundations (LinkedIn Learning)

Programming & Software

Python, R, Stata, Git, L^AT_EX, Power BI, Microsoft Office Suite, SQL (basic)

GRANTS AND AWARDS

Awards

Office of the Provost and Executive Vice Chancellor Outstanding Teaching Award, University of Denver (Spring 2022)
 Runner-up, Qualifying Paper Prize, University of Colorado Boulder Political Science Department (Spring 2016)
 Finalist, Elton S. Carter Masters Thesis Award, University of Nebraska Omaha (Spring 2014)

Grants

Bayes BATS NSF IUSE: EHR Program Tier 2 Grant, \$1,500 (2023)
 Bayes BATS NSF IUSE: EHR Program Tier 1 Grant, \$2,300 (2023)
 Computational Social Science (CSS) Summer School Series Grant, \$2,000 (2018)
 Graduate Training Grant, University of Colorado Boulder, \$1,700 (2018)
 Graduate School Travel Grant, University of Colorado Boulder, \$300 (2018)

Political Science Department Travel Grant, University of Colorado Boulder, \$450 (2018)
 Graduate Research Grant, University of Colorado Boulder, \$1,120 (2017)
 CARTSS Graduate Research Grant, University of Colorado Boulder, \$935 (2017)
 Graduate School Travel Grant, University of Colorado Boulder, \$300 (2017)
 Graduate Research Grant, University of Colorado Boulder, \$750 (2015)
 United Government of Graduate Students (UGGS) Travel Grant, University of Colorado Boulder, \$300 (2016)
 Political Science Department Travel Grant, University of Colorado Boulder, \$275 (2016)
 Political Science Department Travel Grant, University of Colorado Boulder, \$250 (2015)
 Graduate School Travel Grant, University of Colorado Boulder, \$300 (2015)

RELEVANT
PROFESSIONAL
EXPERIENCE

ICF International, Denver, Colorado USA

Lead Data Scientist, Public Sector Group

April 2021 - July 2021

Led team of data scientists to provide client-facing, technical support for federal, state, and local agencies in policy areas including health, environment, technology, cyber-security, and social programs.

ICF International, London, UK

Senior Data Scientist & Managing Consultant

January 2020 - April 2021

Built strategy for entirely new data science function across European and Asian public policy. Role included data science technical support and applications for government and commercial clients; managing and recruiting data scientists; and developing company-wide training materials and workshops related to data science methods.

Decoded, London, UK

Data Science Product Developer & Instructor

July 2019 - January 2020

Worked with global team to produce best-in-class data science curriculum based on BCS and Dell EMC policy standards delivered to more than 1000 students across the world. Role included facilitating in-person and online sessions taught in programming languages such as R and Python on unsupervised and supervised learning, as well as other advanced and context-specific methodologies.
